

**County of Delaware
Opioid Trust Fund Grant Agreement
Questions & Response**

- Are there any updates or supplemental information that you could provide that outline the current status of the usage of the Opioid Settlement Funds in the first round, as well as the status of initiative 2 through 5 in round two? **All of the monies Delaware County received in 2022 have been encumbered and approximately 85% have been expended to date. The providers/vendors/consultants for the initiatives for the funds received in 2023, with the exception of the consultant, have been selected and the grants are in process of being fully executed; minimal monies have been expended to date.**
- Is there a maximum allocation established for the Program Coordinator for this 18-month period? **The expectation is that interested providers will submit a reasonable complete budget to support their proposal**
- Pls confirm that this funding supports the planning & oversight of opioid program(s). The actual delivery of opioid programs will be funded separately? **Correct**
- How much funding was allocated for Delaware County? **Delaware County is slated to received approximately \$63 Million in Opioid Settlement Funds over an eighteen year period with the first wave of the settlements.**
- What activities is the funding to be spent on **Fund must be spent in adherence with Exhibit E of the Settlement.**
